

Effective January 1, 2012, the Office of the Executive Secretary, Supreme Court of Virginia, will no longer maintain in its records, copies of certification of attendance forms submitted by qualified guardians ad litem (GAL) as evidence of meeting continuing education requirements. After a certification form is submitted by a qualified GAL and the credit hours are recorded in the electronic database, the form will be destroyed. This new process will reduce the amount of paper retained by the Office of the Executive Secretary.
