4. Preparation details
  - a. This form may be used when charging someone with violating the terms of a court document (such as a witness ignoring a subpoena) or court order. Therefore, the subject of the Show Cause Summons process is called the Respondent.
  - b. Data Element No. 9 is not used for charging contempt for mere failure to comply with an order. It is used for failure to comply with terms of a suspended sentence. For contempt for failure to comply with an order, use Data Elements Nos. 11 through 14.
  - c. This form should name both the surety (if any) and the principal when breach of bail terms is alleged.
  - d. If the Respondent is not the defendant, this summons should be treated as a new case.
  - e. If additional information is to be typed on the reverse of the form, carbon paper must be inserted.
  - f. This form provides a formal mechanism for documenting complaints about violations of court orders when a show cause summons is requested. It is not intended to supplement the ability of the court to issue show cause summons on its own motion.
