Attorney information includes your contact information, your license status and membership type with the VSB, and your status as a guardian ad litem. A description of the information is provided below.

- A. Contact information. This information is obtained through a systems interface with the VSB. The address listed is your address of record. If you do not wish to use your address of record for purposes of guardian ad litem appointments, you may provide alternate contact information (See section IV, Alternate Contact Info-Qualification History).
- B. VSB license number, license status and membership type. This information is obtained through a systems interface with the VSB. Your license status and membership type is important because to be qualified as a guardian ad litem you are required to be an active member in good standing with the VSB. If at any time your license status is changed from "In Good Standing" or your Membership Type is changed from "Active," your name will automatically be removed from the list of qualified guardians ad litem.
- C. Guardian ad litem qualification information. For the guardian ad litem program(s) you are qualified under, the information displayed will include the end date(s) of your qualification (i.e. the date(s) by which you are required to complete your biennial continuing education). Also displayed in **bold blue font** is the number of continuing education credits needed to requalify as a guardian ad litem.
