

FINES AND COSTS POLICY FOR WAYNESBORO CIRCUIT COURT

Fines and costs due by a Defendant as a result of a conviction by this Court, are due within 90 days of sentencing. Failure to make scheduled payments, will require the Clerk to report the delinquency to the Court. Delinquencies over 90 days will be reported to collections and will be subject to a 17% collection fee and those delinquent over 180 days will be subject to state and local interest. However, interest will not accrue while a Defendant is incarcerated.

RESTITUTION

When the Court orders repayment of restitution, a separate receivable account may be created, identified as restitution due, and any payments presented will be applied to outstanding restitution balances before any outstanding fines and court costs. Collection of restitution takes priority by law. Restitution may be subject to interest if ordered by the Court, and payments must be made in accordance with the Court's order. When making payment through the online website, cases styled in the following format with the letters "RST" within the case number, i.e: CR16RST00100 are restitution only accounts designed to assist Defendants in recognizing their restitution obligations apart from their court costs. The Clerk's Office is not responsible for correcting any payment made online and will not make adjustments to move payments from one account to another.
